THE PREFAB

A rainforest takes root at  
the California Academy  
of Sciences, p.96.

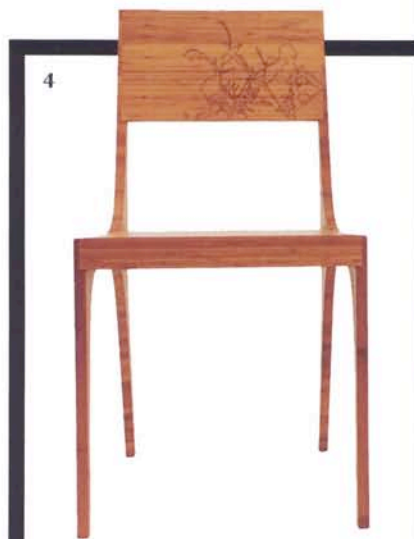

1. Vancouver-based Propellor Design made the **Pomegranate chandelier** from plastic containing 40 percent recycled material (\$2,950; [propellor.ca](http://propellor.ca)). 2. For its new **Woodglas cabinets**, kitchen manufacturer Alno uses photographic images to replicate rosewood, zebrawood and beech heart ([europeankitchendesign.com](http://europeankitchendesign.com)). 3. The **Biscuit rug** by Brazilian designer Claudia Araujo is handwoven from remnants of swimsuit material (\$1,290; [do-not-touch.com](http://do-not-touch.com)). 4. From Los Angeles-based Kalon Studios, the bamboo **Isometric chair** features a fern print (\$475; [kalonstudios.com](http://kalonstudios.com)).

# 8 ECO-FRIENDLY PICKS TO BUY, BORROW OR STEAL

BY MIKHAEL ROMAIN

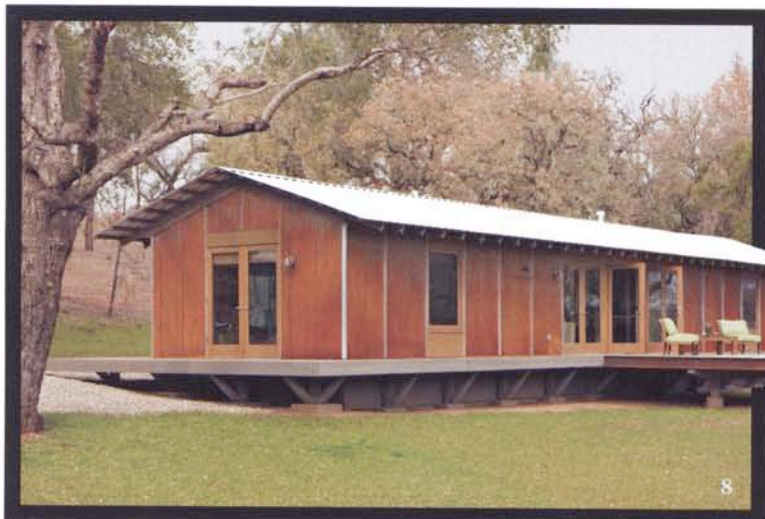

5. The **La Feliz light fixture** by Argentine designer Patricio Lix Klett is handwoven from 100 percent recycled plastic (\$360; [showlifestyle.com](http://showlifestyle.com)). 6. Eco-conscious designer Ami McKay created the **Senna loveseat**, which has organic cotton upholstery over an FSC-certified wood frame (\$4,120; [purebyamimckay.com](http://purebyamimckay.com)). 7. Organic cotton takes on a whole new shade in **Loop bedding**, thanks to low-impact dyes that produce hues such as thistle and bright orange (\$190 for queen set; [looporganic.com](http://looporganic.com)). 8. **Hom.** a new line of prefab housing from L.A.-based KAA Design Group, comes complete with a furniture collection made from sustainable materials ([homlifestyle.com](http://homlifestyle.com)).
