Cabin Fever

"Our log homes appeal to baby boomers who are looking for an open-concept design," says Bob Tribus, president of Milford, Pa.-based 1867 Confederation Log Homes of Pennsylvania. The design calls for casual living with gathering places for the family to relax and with sunrooms and expansive decking to bring the outside in. Energy efficiency is very much part of the home package. Prices start at \$200 per square foot. 877-2LOG-HOM or confederationloghomes.
